SEMPLE'S ASTER.

## SEMPLE'S New Chrysanthemum Flowered Aster.

This new strain of American grown Asters has been by careful selection brought to a high degree of excellence, and it is to day the best variety for the amateur and florist to grow. The plants are of branching habit from two to three feet in height, producing from twenty to twenty-five large, perfect flowers from four to six inches in diameter on stems from ten to twenty four inches in length. The flowers are perfect with broad, long petals which are curled so much as to give the blooms the appearance of a Chrysanthemum. One of the great advantages of this Aster is its late blooming, coming in flower when other Asters are over, and at a time when other flowers are scarce, and is just the flower to fill in with. It is a decided improvement on Vick's White Branching and is invaluable for cutting and the flower trade. Electros free.

### TRADE PRICE,

Pink and White mixed,	oz. \$1.50	¼ lb. \$5.00
Red.	2.00	7.00

## Ricinus Zanzibariensis.

This is a most striking novelty from East Africa, an entirely new and distinct class, and may, in its general appearance, be compared to a luxuriantly growing giant Aralia Sieboldi. The plants attain great dimensions, presenting a splendid aspect with their gigantic leaves, which range from brilliant coppery bronze to light and dark green; the ribs, also, are of bright colors and contrast nicely with the leaves. They make handsome specimen plants, and will become a general favorite. We have had the seeds engraved natural size, as in the illustration, and in themselves they are a great curiosity, being highly polished and of the most beautiful colors. Electros, two styles to select from, free.

Trade price, per lb., \$1.00.

## Vautier's Mammoth Pansy.

**T**HIS strain of enormous Pansies has been raised and perfected for over twenty years by Chas. H. Vautier, one of our most experienced market gardeners. In size and perfect form they rival anything heretofore introduced. The flowers measure two and a half to four inches across, of most perfect form, circular shape; the plants being bushy and compact, and flowering profusely. The colors are rich and varied, embracing all the fancy spotted and striped, and self-colors. Our leading Philadelphia florists obtain their plants from Mr. Vautier, of this strain, paying the highest price. This strain of Pansies is exclusively owned and controlled by us. Florists pronounce it the finest strain ever offered. Electros free.

Trade price, per oz., \$5.00

## Seeds from the Flowery Kingdom.

The seeds are all put up in the original seed bags as received from Japan and China, which are illustrated in colors, and comprise the following choice varieties which will retail at ten cents per packet, and are supplied to the trade with their name and address printed on at \$4.00 per 100.

*Japanese Chrysanthemums,*  
*Chinese Pinks, Vinca Rosea,*  
*Japanese Morning Glory,*  
*Iris Kämpferi,*  
*Platycodon Grandiflora,*  
*Chinese Pæonies,*  
*Trichosanthes Cucumeroides,*  
*Leucanthemum Nipponicum.*

**NOTE**—An electro of the accompanying illustration will be sent free on all orders for 200 packets or over. For full description of these seeds see page 13 of our 1895 Catalogue.

## Faust's Early Crimson Beet.

This distinct Beet is well represented in the illustration. The roots are of handsome turnip shape, the skin is deep blood red in color; the flesh being also very dark, of the finest quality, tender and sweet at all times. It is the earliest Beet in cultivation, and is ready to market along with the Egyptian, but does not become stringy or tough with age. They are of good size and very uniform, the tops are short, of a rich green color. As an early Beet it has no equal, and for late sowing, its quick, rapid growth makes it also valuable. Market gardeners pronounce it the finest Beet ever introduced. Two styles of electros free with orders for 10 lbs. or over.

Trade price, per lb., 30 cts.  
100 lbs., \$28.00.

## PERKINS' MAMMOTH LONG PODDED OKRA.

The pods are an immense green color, about eight inches long, and do not get hard, as with other sorts. Its productiveness is simply wonderful, the pods shooting out from the bottom of the stalk within three inches from the ground, and the whole plant is covered with them to the height of a man's head. Mr. Perkins always obtains \$3.00 or \$4.00 per basket for his Okras in Philadelphia markets; also, much sought after by canners, being the best of all green sorts for Winter use.

Trade price, per pound, 30 cents.

## THE NEW IMPERIAL OR LONG STANDING KALE.

A beautifully curled and crimped sort, selected by a Philadelphia market gardener. Of strong, vigorous habit, perfectly hardy, bright green color and very attractive in appearance. It is superior to all other sorts, and will stand longer without shooting to seed than any other variety. Height about two feet.

This variety several of our leading Philadelphia seedsmen have listed for several years, the demand always exceeding the supply. Our seed has been carefully grown and will please the most critical market gardener.

Trade price, per pound, 40 cents.  
100 pounds, \$35.00.

## WINNINGSTADT

### CABBAGE.

We have an extra fine strain grown for us on contract abroad and are enabled to offer at following low figure. Electros free.

Trade price, per pound, 60 cents.  
Per 100 pounds, \$50.00.

## VICTORIA SPINACH (NEW).

This new variety is distinguished for its exceedingly dark black-green color, and also for its very long standing qualities, being from two to three weeks later than the ordinary "Long-standing." The leaves are thick and spread out flat upon the ground. It is excellent for spring sowing, and has from practical tests withstood the most severe winter.

Price, per 100 pounds, \$10.00.

## Seed of Sacaline.

## BASSANO ONION.

Imported seed. One of the best sellers among the Italian varieties. Electros free with orders for five pounds or over.

Trade price, per pound, 75 cents.

## PARIS WHITE ONION.

A fine white variety. Electros free with orders for five pounds or over.

Trade price, per pound, 70 cents.

## BROWN MAMMOTH ONION.

This fine imported variety grows to large size and has given satisfaction in all parts of the United States. Electros free with orders for five pounds or over.

Trade price, per pound, 60 cents.

## WHITE PEARL ONION.

## EXTRA EARLY WHITE PEARL ONION SEED.

The demand for Pearl Onion sets and seeds in the South is increasing yearly, and it is also being used in other sections of our country with good results. Electros free with orders for five pounds and over.

Trade price, per pound, \$1.00.

This variety possesses the peculiar merit of flowering and bearing fruit continuously the entire season until killed by frost, and besides being a most prolific variety. It will yield a good crop where others fail. Fruit firm and crisp, of a dark green color. It has been raised for some years in Burlington County, New Jersey, and the pickles, when marketed, bring the highest price. Electros free with orders for ten pounds or over.

Trade price, per pound, 40 cents.  
Per 100 pounds, \$35.00.

We offer following at special prices. Terms net cash.
